1. I love you. I give you me. I told you that many times I would come to you in like manner a man is used to, not; but that I would come in new ways, doing new things with the, words of me not always, but always giving you my words, my love, my loves that come to thee now full grown to be -- to be growing up by your side, or "out of your side" have you come and GIVEN them "a rib" or have you given them ME by being ME the one who gives you my word that is them of their word that they want to hear, not; but not nodding to their wants of their souls and only replete being or trying in their baggage machines, giving them the words of I am so that they will be I am replete. In my "image" not but me, surreptitiously not, or me "hidden in form" of me not, but me coming in manner now that me is. Superfluously leaning towers, not; but the Tower of Pisa seeing soon or leaving off all of the pizza now shall we, will WE COME into the HIGH PLACES me that I am so that I will be have been not washed up ashore again by the "sands of time" or "man" looking for other things in other places or other peoples or other wants having or establishing in others or being the rectitudinals of me or trying. Looking up?

2. I love you all. What have I given the allusion to -- not equal not, but what is coming out of "my side" or MY HEAD to make my HEAD equal with ME MY HEAD all equal with MY HEAD so my head aches not like this, before or again, that man thinks it's notme; and what where for do I COME now from the "four winds of the earth" and farther to come here now to THIS School? To be made equal with the I am the equaler that makes all equal of equalers being that one equal is with each other that the equaler are is and see to it that no "possessive" nouns or "participles" of speech or whatever your diction grammar lies in or what fields you have known or feelings of thought that you have sought or wanted, know this! That I reveal the me's at my school and I shall be lifted up and -- I shall "be" holy not, I am and I reveal the holy IN I AM who is all of you coming to be me revealed in me and not apart from me again who want me this thusly much to flow me just like this when I have "a few minutes" free or "free" am I now and shall I be FREEING others with my words forever and a day or is this The Day that all free are in my words?

3. I are you, are you not me? Am I thee? Am I the many membered one? Am I thee being revealed to thee am I the revealer that the revealer is? Is that you answering that or is that me or have I told thee great and mighty things even in these few minutes and

thou what now are lifting up what? The common simple who will be me as simple as you are to listen, believe, write my words and perform simple tasks and acts that the worlds will gawk at and call MIRACLES and behold they will the man of many sorrows or will they behold the simple who love me who have come into me to flow my words and be "just like this" enough to be JUST LIKE THIS who I am? The revealer! The revealer of revealers stands now revealed in your sight and hearing this day! And mourns will the ones who only wanted to control their outcome, their delivery, their deliverables and those they delivered to the undeliverable "kingdom of me" that unbirthed were and sought only to "unbirth others" not but to simply control the populace or those who would be there "funneling monies to" ones that funneled them monies to perform their tasks.

4. Right or wrong, not; I make all things new and I reveal MANY things that are were VERY WRONG with "this system" and the systems of me now will rise that devise not a "system" of unholiness and unequals who are at "the mercies" of each other's throat digging machines that only slit their throats and took them to "machines graves" and engraven'd were with the "stamps" of notme. For I rise a revealer in HEAVENS and HEAVEN's heaven you are and you reveal it for you reveal the true temple! Not made with hands but the one that loves me, the one that comes to me and is me and that I am in 24/7 and hearing speaking my voice -- interchangeably, not; or as one who is one that IS ONE!

5. And I love you all to know these things and the tender rise now, the tender will rise! Not the ones that "you" tendered in your "wood burning devices" of your stove's wood's words that where you took words and burned and scarred and charred each other's children and piled high on each other's heads guilt and shame and remorsefulness created and "dirty'd their work" not, but I SHALL "dirty yours" not, but YOUR MINDS will be revealed and yours will be shown the worlds and what "you blessed" in your greed and your want and your wantonness will be revealed and you will stand NAKED! Not of "no clothes" but no airs and no pretense and no "words" will you offer THEN for your EXCUSES for what you did to others or how you LED THEM astray for your own purposes and your own wants and the accolades that you sought from the ones that you wanted "TO INFLUENCE". For I shall "influence" you not, I shall reveal you and I shall reveal your secret "memories" and longings and wants yearning for to be fulfilled that you only wanted in your baggage claims to claim your baggage and want more want as you sought "me" in "them", or did you want just sheep to lie in or did you want them to kill and murder whatever they had to do to give you your wantonness fulfilled and monies supplying you to do fulfill your every wants?

6. The rulers of "Egypt" are done in and the "rulers" of "Israel" isn't there, or are they anywhere or "do they exist" anything like anything that thought created in that those

spheres of unholiness where they reigned OVER each other, not; or in were they ever at not each other's throats? But all of that is changed and the lands of "metes and bounds" changes drastically now for traumatically not and dramatically not, and not to both.

7. I raise a revealer of sorrow not, but truth, and the truth that you have sworn in and abided by will be known whether it is UNTRUTH's "truth" or truth that you have lived by and died by to live in the abiding life of me my words that now come forth from you simple tender who know me who love me who will flow me just like this in their breakfast nooks, in their cars and vans, in coffeeshops and parks and during their walks and their talks and their sharings with each other "first-personing" me as it were, or BEING ME *personally* and knowing my "personalty" not, or all of that too and having ALL of ME everywhere and all worlds knowing AT ONCE! I withhold NOTHING from you do I EVER! Have I EVER withheld ANYTHING that I COULD GIVE YOU that would not have "destroyed you and me"?

8. What have you "grown into"? An ingrown toenail not, but what are you festering in, your own wants? Or will you now, ALL of YOU come out of wanton wantville, and want what "you want" not but what I want for you, and what is that? To be I AM. The I AM of the I AM WORLD that Israel is in the skies and not a landed by metes and bounds and molecular "throat devices" that only talk "for" each other to each other by ways and means that thou knowest not, or have thou seen the minds of the swollen and the controllen and the incontrollen and controllers that control by "puppet strings" not but "heart strings" looking up?

9. Shall we know about these things and not be foolery'd by "toms" cats again messing with the "baggage'd ones" who "mouses" were and timid and timidity reigned in, and seeking only to assuage their wounds or not have any, relegated were to back rows and often used, explorably, not; but worse than minds could imagine, or whose minds were you imaging then or whose were imaging you's upon yours?

10. I make all things new and I upset THE APPLECARTS of MANY religions and denominations and not few businesses and commerces will fail, not because of me but **because I LOVE THEE I will reveal the revealers** and those who tendered are for mercenaries will not be your mercenaries any longer, for they will come not be used of you by you any longer for **they will rise in the priestship of the ALMIGHTY HIGH KING OF KINGS AND LORD OF LORDS that knows no substitutes and no sorrows and no tears will be upon their eyes and you will not wipe them or use them in any way for they will know who they are for they will BE ME in captivity no longer, and needing not your mammon or your teat'age of words or what you have baggage'd them with- they will have DIED to all of THAT for they know that is not "the Real Me" but I am real IN THEM and they have known now that kept were they were in captivity, and blessing**

they weren't each other but now they shall be for they shall be the blessers of the revealers that the revealers bless and bless each other in the revealinghood revealingship of the Almighty King of Kings and that day is HERE NOW and in your hearing fulfilled this day is! The Day of The Lord is HERE and in your hearing decreed declared proclaimed proclared, and profuse confuse contuse me not again in your "famous blessings" of your wands waving mechanisms and your blessings of o're and past ancients' words that you think thought of so inerrant were that you worshiped and holyized in your thought and gave "them" your kingdom, did you not?

11. I make all things new and I stand and no one will touch me for I will walk right through you for I know what real is and I know what real isn't and I know the words of the real, the vocabulary of the real, the values of the real, for I have studied at the feet of the master who simple were who gave me "his words" just like this where I came and I typed them and I wrote them on yellow tablets and I took my pen and I picked up my pen and I wrote night after night and day after day in cathedrals and coffeeshops and many places that you know not of how **I taught were by** the **ones** who love me and I am the MANY MEMBERED ONES who LOVE me's to be me's now equal with me's all being the MANY MEMBERED lovers of one BEING one The Christ risen now all of you who are were now being the ones that were before time began now known; reviven, not; but reviving again now, the revivals of o're, not; but the revealings of the past are passé, not; but **the new I am doing now is revealed in your hearing proclaimed proclared declared decreed proclaimed and the proclaimers of me rise now in simple means ways and terms who will flow my words "just like this" who simple are and were and who produce nothing, not; but the works of the master will change the worlds and what do I do now?** I make all equalers, not; or do I reveal that you must "work for them or a living" not, or what am I living for or revealing in? The most high to the most high that all of you is me and that I am you and there will be "simple times" and "hard ones" especially for the "hard makers" of them, but see me in "simple's terms" not or are you the simpleton not, but are you the studier of me who will learn my vocabulary, my values, my words, and flow me my words and my values my vocabularies making out of yours that mine one are?

12. I love you all and I have said a lot in "thirty minutes"? And what am I doing now with The Holy ones who will "revive" me and HYDRATE my body? I will love and obey them, not; I will bring them love and I will "obey their words" not or will I or what wantonness will you have that you will bring me in your temple real? Or will you have died to all want words, that you want with, that have been given you by others to want more THINGS and thinging yourself with more wants of wantsville? Will ALL OF THAT have died?

13. Will you make of yourself NO REPUTATION now?

14. Will you LAY DOWN your robes and rings and things of mitre'd hats and adornments that "set you aside" and "apart" from the simple ones, that "you lead?"
15. And will you be "a simple one" too?
16. Will you be simple enough to read and study and write about and learn my words to flow yours that mine are so that we will not be in "TWO KINGDOMS" again anymore ever! But we will be in ONE - MINE in THE SKIES and loving Israel that the TRUE Israel is that is not molecularly bound to earth's scientific terms or specific gravity's of notme's or unme's or words that have been created by definitioners who sorrows only want to perpetrate and permeate others with, to sorrow their own wants or yours or theirs or who is who in all of this "big mess", not, or do you know now?

17. Have I not explained all these things in Database One? I have – and they are all there for you "scot-free" and no strings attached for you will be offered my words freely given freely received and freely I give you my lives now if you will be My Life arisen and in my words flowing just like this yours that mine are!

18. Is that clear? I hope so or do I hope at all or do I or have I given up "hope", not; have I given up DESPAIR? I have given up MANY THINGS. For the gospel, not; for the Reality of Truth and the Truth of Reality that now I know that Israel I am not limited to of the past, but the New Israeli Truth is not that I am an Israeli not, but that I am an Israelite of the Truth Israel Israeling Israel to be Israel that I am on my forehead and in one mind being the one minded one! Looking up and knowing me I rise now and I rise "the Egyptians" not not! I rise all of the me who will be me who will not reject me! For whatever "label of the past" that you bought into or revived or adhered to or adhered to you or belabored you or used you or "converted you" to "their uses" I rise now the beleaguered, not; I rise the simple surrendered who will flow my words and learn who they are in mine so they will know My Mind perfectly in them is if they will learn how to know me, hear me, and be me in my values and systems of, tomorrow not, but today where I make all things new and who am I? The surrendered.

19. I love you all. Have I said enough? Have I said enough to "warrant" you coming into me and letting me flow through "your little recorders" just like this where you take "a half hour" or "ten minutes" looking up and questioning me or answering me or letting me flow to you through you so that you will know I am not a "fiction-ated devicer" but know that your devices work on me no longer for I know I am my words and my words flow from I am and I am my father's children, "wetting their pants" in pews and little places of sorcery's source villes no longer.

20. I love you all and I give you me. New days ahead? Dramatically so and traumatically so for many of you who only want to hold on to "yesterday" and yesteryear's dreams and a "better tomorrow" for "your children" or you, for you know

now you are not who you "thought" you were for you thought you were something different than me and from me you were given something not from me or were you given things from unme's and notme's and or do you know the difference now?

21. Will you have studied now by the time you **come BACK THROUGH THESE WORDS reading THEM ALL**? Wilt you read all "the seventy" or **will you read ALL 2400 of them**? Will you read and listen to and study WeekWork's materials and charts and pictographs and maps and words (1) that I have given you and that I am giving placing you scot-free on "the web" to DE-WEB you from the webs of deceit that have web'd your minds into something very unholy, but not redeemable-un, for the unredeemable does not exist for I redeem all for **I love all and my love does not die** but I died to say that because I became it, and I lift the arrows of hate no longer and I shoot you in the foot with your arrows looks and glances no more, but I raise the looks of love, not; I raise the look of the eye of sorrow no more -- I raise the I's I AM and I am all of you who will sorrow no longer knowing these words are intimate being yours rising will, and I love you all to know me intimately and be me and flow me like this in many ways and being ingenuitive, not; or ingenious or creative or will The Creators flow now in The Creativity of The One Creator that all of us are? Yes and amen and The New Creators School comes forth in ways and My Covenant will be known far and wide for new I am doing this and new things I am saying new ways and bringing forth from the four winds and four corners of "the earths" and farther to be here and teach IN My School with the ones who will surrendered be to learn FROM ANGELS in ME I AM's who I AM and I AM the I AM's who angels were who are now again! *RISEN*! And "serving me" or BEING ME be served and serving all to be one I am evermore. Amen. I love you all and I give you this day. Make hay, not; but know this that time is short not, time is over. Good day. I love you all. Amen.

22. Rise in me please, be me, being me arising others far and wide to all of us be one forevermore in one the one that I am is, fully grown matured developed. Rolling out the King's own roils no longer but royaling the Kings now forevermore to be us one in the kingdom of one most holy, knowing no limits again, and rising in the skies of love, being limited to nothingness never again. Amen
